

Hygea Continence Care

Hygea Continence Care Cloths containing 4% dimethicone is an all-in-one gentle cleansing and moisturising solution that provide barrier protection against Incontinence-Associated Dermatitis (IAD).

Ideal for patients who are:

- + Incontinent
- + Doubly incontinent
- + Suffering with IAD

+ IAD Prevention

Contains 4% dimethicone to act as a natural barrier against unwanted moisture caused by urine and faeces.

+ Suitable for Sensitive Skin

Alcohol, lanolin, latex, and paraben free. Dermatologically tested. Suitable for use on fragile and sensitive skin.

+ Cost & Time Saving

Ready to use, rinse-free solution. Made of 100gsm fabric. The tear-resistant cloth ensures durability during use, providing healthcare professionals with significant time-saving benefits.

+ Added Skin Protection

pH balanced with pro-vitamin B5 to help nourish and hydrate the skin using our Hygea signature fragrance.

+ Excellent Patient Experience

A premium cloth made from a blend of 65% natural fibres (Viscose), renowned for high absorbency. Combined with a 35% polyester blend, this cloth maintains its softness, smoothness, and strength, even when wet.

+ Supports Carbon Net Zero Goals

Manufactured in the UK, resulting in supply chain reliability and carbon footprint reduction.

Product details

Format	Wipe Size	Wipe Count	QTY per Case	Classification	Product Code	NHS Code
24ct flow wrap	300mm x 200mm	24	12 packs	Consumable	PCC7120	VEP85015
8ct flow wrap	300mm x 200mm	8	36 packs	Consumable	PCC7110	VJT 708

Prolonged exposure to a moist environment causes Moisture Associated Skin Damage, sometimes known as Incontinence Associated Dermatitis (IAD) which can lead to painful pressure ulcers.
