

## Introducing...Our Premium Heavy Duty Hand Wipes

Our premium Heavy Duty wipes has been specifically developed to provide tradespeople and industry workers with better protection and increased safety in their place of work.

### Guaranteed Protection

Our wipes contain a unique 'antibacterial additive' that helps protect workers against 99.9% of bacteria, Salmonella, E Coli, Listeria & MRSA.

### Multi-Purpose

Specifically formulated to tackle and remove paint, silicone, adhesives, oil, grease and more from hands, tools and surfaces.

### Made in the UK

We can guarantee uninterrupted supply and rapid response to peaks in demand

### Quality Assurance

The range has been tried and tested for over 15 years and conforms with all the EU cosmetic regulations and have been independently tested to EN1276 & EN12054 standards.
